Model: DRAX s ESD

Article: RI21334

Protection Class: S3S FO SR CI

EU Regulations: EN ISO 20345:2011 CE

DESCRIPTION

Water repellent safety shoes in soft, Pull-up leather, resistant to abrasion and dynamic traction with double lace. Pu-reinforced scuff cap on the front of the shoe.
These ESD anti-static shoes are particularly suitable for use outdoors, in cold and wet environments such as construction sites, port areas, road works and maintenance, installations and in any situation that calls for work to be done on uneven ground or treacherous surfaces.
Shoes with AirToe Composite toe cap that protects the tip of the foot and the Save & Flex® PLUS “Metal Free” anti-puncture system that ensures safety across the surface of the foot.
Anatomical, breathable, anti-bacterial WOW2 insole that ensures prolonged comfort and well-being, and WingTex air tunnel lining that absorbs and disperses moisture.
Protection class with special insulation on the bottom of the shoe against cold.
The WingTex air tunnel inner lining makes these safety shoes particularly breathable, whilst the anti-bacterial, anatomical, ultra-breathable insole ensures prolonged comfort.

UPPER
Water repellent, Pull-up leather

LINING
WingTex breathable air tunnel

SAFETY TOE CAP
AirToe Composite

PIERCE-RESISTANCE
Save & Flex PLUS®, anti-puncture, “no metal” fabric insole

FOOTBED
